4<sup>TH</sup> AUGUST 2001

Judge: Mrs Heather Morris (UK)

Although numerically a very high entry, I did find the quality of some exhibits a little disappointing, heads in some cases were very untypical. I found many with small eyes, lack of foreface and narrow muzzles. There were also quite a few light eyes, a couple of undershot mouths and some with misplaced teeth. Movement in some classes left a lot to be desired many "pinning" in front and others moving far too close behind. In general, though, presentation was good. In spite of the above, I found many exceptional exhibits and was most impressed, in particular, with the Baby Puppy Bitch class where even those unplaced with worthy winners and it was literally "hairsplitting" decisions in my final placings.

## DOGS

### Baby Puppy Dog (9)

**Brown's PIARKI WHAT A MAN.** Delightful 3 month old puppy with a most gorgeous head and expression, plenty of bone, good forehand and hind construction, nicely balanced outline. Full of confidence and good on the move.

**Parkridges' PARKRIDGE SUDDEN IMPACT.** Very confident "showy" 3-1/2 month old puppy with plenty of bone, pleasing outline, good bend of stifle and quite good on the move.

**Dulkes' FANTANGO IN ERNEST.** Nice head and expression, neat feet, reachy neck, well bent stifles, attractive in profile.

### Minor Puppy Dog (3)

**O'Brien's SANTAMARIA DOCTORT.** Showing much promise, attractive masculine head, good body substance and bone for age. Short-coupled body, good front assembly running into well laid shoulders, shapely hindquarters, making an overall pleasing balance. Moved with confidence and drive. In full coat. Beautifully presented.

**Duyahoven's GOLDOG ALPINE WILDENESS.** Pleasing head and expression, reachy neck, balanced outline, well bent stifles, quite good on the move - just preferred front angulation of 1.

**Williams' SAMBINDOR KIPS LUCKY LAD.** Although I preferred heads of 1 and 2, lots to like about this youngster – plenty of substance and coat, adequate bend of stifle and movement good when settled.

### Puppy Dog (4)

**Sholtz' GOLDJAZZ LORDOV THERINGS.** Very attractive head and expression, good in front, well bent stifles and pleasing outline. Although can be allowed to stand carelessly which detracts from his topline, on the move his topline was good. Given time could develop into a nice dog who would benefit from ring training.

**Davis' TAMESIS KALEIDOSCOPE.** Attractive head with kindly expression. Plenty of bone, quite nice outline, preferred front and tail carriage of 1. Nice coat.

**Griffiths & Higgins AMIRENE BOY DOWN UNDER.** Although this dog has a really lovely head and expression, he is very lacking in coat and substance at present. Good on the move when settled. Just needs time.

### Junior Dog (12)

**Thompson's KAPARLA WHO SAYS SO.** Very eye-catching youngster, Nice head and expression, plenty of bone and substance, super reach of neck, level topline, excellent forehand and hind assembly with strong quarters. Superb balanced outline. In nice coat and condition. Expertly handled – good on the move. Considered for top honours. I'm sure with eventual maturity he will challenge the best.

**Lee and Lee-Shirt's SANTAMARIA GENERAL LEE.** Excellent head and expression, strong bone, good level topline, well angulated quarters. Balanced short-coupled body, good on the move.

**O'Reillys' ELBADARI STAR OV ZWION.** Another dog with good forehand construction, quite a pleasant head and expression, level topline, balanced outline. Attractive darker coloured coat. Good on the move. Nicely presented.

**Kranjnc LEIGHVALLEY FAME 'N FORTUNE.** Attractive head and expression, strong bone, good topline, very well angulated quarters. In good coat and condition and very good on the move.

### Intermediate Dog (14)

**Moore's TIPTREE TASLINC TRENIGAN.** Very attractive typical Golden head. Plenty of bone and substance, good topline and tailset. Nice short coupled balanced outline. Strong quarters. In nice coat and good on the move.

**Jindabo's BEUCROFT WHAT ABOUT ME.** Quite nice head but slightly light eye. Good bone and substance, lovely reach of neck good layback of shoulder. Well angulated both front and rear with strong quarters. In super coat and condition. Moved well.

**Nicholls' SAMINDOR JINDY JONES.** Nice head and expression, strong bone, nice reach of neck, level topline, well constructed with strong hindquarters. Good on the move when settled.

### State Bred Dog (3)

**Goodall & Rammell's SEVANETA CARRIBEAN DREAM.** Nice head and expression, lovely reach of good and level topline, excellent front and hind angulation. Shapely outline. In super coat and condition.

**Tahmero's CH. BUIDHE LOVEON CLOUDNYN.** Pleasing head and expression, strong quarters, nice outline, in lovely coat and condition, moved a little close behind.

**Camm's CH. PERAMANGK ROHAN CD.** Thought this dog was going to win this class but unfortunately I found his temperament rather suspect. Very attractive head and expression, good bone, very balanced outline, in nice coat and condition.

### Australian Bred Dog (17)

**Kowalski's AMBERVALLEY ERIK CASIMIR** Excellent head and expression, strong bone, neat feet, lovely reach of neck, level topline, short-coupled balanced outline, strong well angulated quarters. Good on the move, nicely handled.

### Open Dog (19)

**Kelly & Smith's AUST & ENG CH STANROPH SHOGUN.** This dog typifies everything a Golden should be and a joy to go over. A really gorgeous head and expression, excellent front and rear assembly with strong quarters. Superb well balanced short-coupled body, with level topline. So well constructed throughout. Excellent free flowing movement with plenty of drive. Nicely handled and presented. Delighted to award CC.
